MINISTER'S DETERMINATION

CONDITIONS OF APPROVAL

Pursuant to Regulation 87-83 under the Clean Environment Act

September 6, 2005

File Number: 4561-3-1043

1. In accordance with section 6(6) of the Regulation, it has been determined that the undertaking may proceed following approval under all other applicable acts and regulations.
2. Commencement of this undertaking must occur within three years of the date of this determination. Should commencement not be possible within this time period, the undertaking must be re-evaluated under the *Environmental Impact Assessment Regulation (87-83) – Clean Environment Act*, unless otherwise stated by the Minister of the Environment and Local Government.
3. The proponent shall adhere to all obligations, commitments, monitoring and mitigation measures presented in the EIA registration document (dated June 2005), as well as all those identified in all subsequent correspondence during the registration review. Additionally, the proponent shall submit a summary table detailing the status of each Condition listed in this Determination to the Director of the Project Assessment Branch of the Department of the Environment and Local Government (DELG) every 6 months from the date of this Determination until such a time as all the Conditions have been met.
4. Submit a plan to the Manager, Watercourse and Wetland Alteration Program, for review and approval by October 1, 2005, indicating how and where the 4:1 compensation ratio for the loss of 3.4 hectares of wetland (2.9 hectares of alder wetland and 0.6 hectares of open water unvegetated wetland) will be accommodated. For more information on specific compensation requirements, please contact Deanna McCullum, Wetlands Biologist, Watercourse and Wetland Alteration Program, DELG, at (506) 457-4850. The approved plan shall be implemented as quickly as possible, but in any case, the implementation of the plan will be completed prior to the operation of the LNG Marine Terminal and Multipurpose Pier and/or May 1, 2009, whichever is earlier.
5. If it is suspected that remains of archaeological significance are found during construction, all activity shall be stopped near the find and the Resource Manager of the Archaeological Services Unit, Heritage Branch of the Culture and Sport Secretariat, shall be contacted at (506) 453-2756.
