### **CONDITIONS OF APPROVAL**

Pursuant to Regulation 87-83 under the Clean Environment Act

**January 26, 2007**

File Number: 4561-3-1108

- 
1. In accordance with section 6(6) of the Regulation, it has been determined that the undertaking may proceed following approval under all other applicable acts and regulations.
  2. This Determination supersedes the April 1, 2004 Determination issued to Chateau Springs Water Inc. for the operation of a water bottling facility.
  3. The proponent shall adhere to all obligations, commitments, monitoring and mitigation measures presented in the EIA registration document (dated February 6, 2004), as well as all those identified in subsequent correspondence during the registration review.
  4. Should the proponent or any subsequent owner or operator of Chateau Spring Water Inc. wish to increase the amount of water extracted from the current daily extraction (4 000 Imperial Gallons), sufficient information must be provided to the Director of the Project Assessment Branch, New Brunswick Department of Environment and Local Government, to demonstrate that the extraction rate will not surpass the overflow nor will it impede the maintenance flow of the receiving stream.
