

ONCOLOGY EDUCATION DAY 2015

on palliative care and end-of-life care

October 22, 2015
8:00 am to 4:00 pm

Crowne Plaza Lord Beaverbrook
Fredericton, NB

This Oncology Education Day will focus on palliative using a regional education model.

This Oncology Education Day is designed to enhance knowledge in cancer care to meet the educational needs of interdisciplinary health professionals.

The education day will follow the *Education in Palliative & End-of-Life Care™* – *Oncology in Canada (EPEC™-O Canada)* program.

Content includes:

Models of Comprehensive Care,
Psychosocial – Loss, Grief and Bereavement,
Psychosocial – Spiritual Needs,
Cancer Pain Management and,
Advanced Care Planning.

As a result of this Education Day, participants will have enhanced palliative care knowledge and access to the trainer's tool kit to organize and/or deliver programs within their respective areas. Participants will also gain access to an on-line community of practice.

This program has been approved by *Médecins francophones du Canada* for 6 hours of category 1 credits. *Médecins francophones du Canada* is an accredited organization recognized by the *Collège des médecins du Québec*.

Registration Fee: \$50

Limited seats available.

Registration form: available in the Oncology Education Day pamphlet or on line at <http://www.gnb.ca/Health>
